

J. Scott's Skin Care & Day Spa Has Done It Again!

The first in the area to bring you a revolutionary new mineral makeup from Repechage.

Repechage, the leader in seaweed beauty technology has designed a seaweed based mineral makeup and J. Scott's Day Spa is the first spa in the area to carry this cosmetic line. Repechage has paired mineral-rich seaweed with essential vitamins resulting in flawless looking skin.

Lydia Sarfati, Repechage founder and creator of the world famous Four Layer Facial, says "all women are born with perfect skin and it's up to each of us to protect it from the ravages of everyday life." The new Repechage Treatment Makeup gives a much needed head start. The fragrance-free, non-comedogenic, vitamin and mineral rich formulas hydrate, protect and beautify instantly and last all day long.

"There are so many cosmetic products on the market today that state they will do this and that for your skin," states J. Scott Berry, owner of J. Scott's Skin Care & Day Spa. "Unfortunately, women spend hundreds of dollars on these products just to get them home to find they are full of false promises, I have traveled the country and have visited many manufacturers of makeup, and I can honestly say I am most impressed with Repechage's new line. It does what it says" continues Berry.

The look of perfect skin begins with Repechage Treatment Makeup. The collection includes:

Perfect Skin Liquid Foundation – with SPF 12, oil free, anti-oxidant and vitamin rich formula

Perfecting Concealer – protects/conditions with Seaweed & cucumber oil while erasing dark circles

Natural Finish Pressed Powder - non-clogging featherweight powder is made with natural seaweed sun filtration to help protect your skin

Translucent Mineral Rich Loose Powder – natural sun filtration that helps protect skin, leaving you with a flawless finish

Conditioning Mascara – non clumping formula helps promote lash health while it lengthens, thickens and conditions your lashes

Conditioning Lip Gloss – provides deep moisturization, protection and long lasting color.

"Repechage Treatment Makeup is truly a skincare specialist's choice for the perfect completion," states Berry, "We believe in it so much that we are offering complimentary mini Repechage makeup applications where a client can see for herself what we are saying is true."

Call J. Scott's Day Spa today to schedule
your complimentary mini Repechage makeup application!
